

Home Owners Circle Releases New Discussion Platform!

Home Owners Circle has released an innovative new live discussion platform for home owners and contractors to connect about their home services projects.

On July 23rd, 2012, Home Owners Circle has released an innovative new live discussion platform for home owners and contractors to connect about their home services project.

Home Owners Circle is known as a leader in helping home owners complete home improvement projects. With the addition of the live discussion section, members now have unprecedented access to the resources they need to get their projects done right. The discussion forums are also integrated with [useful tips and articles](#) related to the discussion to make it even easier for home owners to find the information they require.

The live discussions section also offers contractors an exceptional business opportunity. Not only does their guidance help thousands of home owners, it puts their business in front of their ideal prospects to drive net new clients.

Over the past 2 weeks, Home Owner Circle has provided deep insight to home owners about [window replacement](#), countertop materials, leaky faucets, remodelling kitchens and more. With the addition of the live discussion platform, HomeOwnersCircle continues to be a leader and an innovator in helping home owners across North America improve their homes.
