

SaleSpider.com Now Has Over 10 Million Businesses

Toronto, Canada – November 18, 2011 - Over 640,000 companies were newly listed on SaleSpider's Business Directory this past week bringing its number of total business listings at a whopping 10 million.

That over 10,000,000 companies were listed since September is a confirmation a SaleSpider.com is the Facebook for small business and the go to leader for finding business information and lead generation.

Joining SaleSpider.com offers members access to a huge database of company profiles and listings that they will be able to use for market research and lead generation. Members themselves will have the ability to add their own businesses to the directory, all of which will lead to wider exposure for their company's website.

SaleSpider's user friendly interface makes it the top site when it comes to finding [where to advertise for free](#). The BizTools section offers advice to its members on how understanding the best concepts for [website promotion strategy](#) and [optimized business marketing](#). A [free post site](#) with an ever expanding user base, SaleSpider continues to blaze the trail as one of North America's leading SMB networks.
