

SaleSpider.com – SaleSpider Announces New Editorial Calendar for Next Month

SaleSpider Media has announced their new editorial calendar for next month. These editorials will be released once a week for the entire month of March and they will focus on what is currently hot in the digital media industry.

SaleSpider Media has announced their new editorial calendar for next month. These editorials will be released once a week for the entire month of March and they will focus on what is currently hot in the digital media industry. These editorial newsletters will be targeted to reach [small business](#) decision makers in both the United States and Canada.

SEO and Cloud Computing are two of the topics that SaleSpider will be focusing on in their editorial newsletters. The SEO issue will focus on best practices and opportunities for companies to leverage the latest in search engine optimization strategies. The Cloud Computing newsletter will focus on information about Cloud as well as how businesses can use this technology to grow revenue and cut costs.

Email marketing and [social networking](#) will also be topics that will be touched upon in the SaleSpider Editorial Newsletter. SaleSpider is very excited about the launch of this editorial calendar and to be able to pass on important information, tips and articles to their readers.
